The Team Chants: The Red Flag
United's flag is deepest red
It shrouded all our Munich dead
Before their limbs grew stiff and cold
Their heart's blood dyed it's ev'ry fold
Then raise United's banner high
Beneath it's shade we'll live and die
So keep the faith and never fear
We'll keep the Red Flag flying here
We'll never die, we'll never die
We'll never die, we'll never die
We'll keep the Red flag flying high
'Cos Man United will never die **We Shall Not Be Moved**We shall not we shall not be movedjust like a team, that's going to win the football league (again);
